#### **HEART OF THE FOOTHILLS' POMONA HUB**

On Sunday, April 23, 2023, thousands of people enjoyed riding, running, or walking a six-mile stretch of car-free roadway through the cities of Claremont, Pomona, La Verne, and San Dimas. Organized by Active SGV, each city hosted an activity “hub” with vendors, music, and food. Pomona’s hub at Palomares Park received lots of positive feedback with visitors commenting that it was “the best hub” and that we “should do this every year!” Pomona’s hub activities featured informational booths, food trucks,

music, live performances, family-friendly attractions, games, sports, a mechanical bull, a foam dance pit, obstacle courses, and skateboarding demonstrations.

Between two stages, one inside Palomares Park and the other across the street on Arrow Highway, thousands of people enjoyed live performances, entertainment, and even dancing! Performers included the dA Mini Mariachi, Heart and Soul, IPoly High School Glee Club, guitarists Johnny Muñoz and David Gonzalez, No Te Rajes Jalisco Folklorico, Pomona High School Marching Band, SAE Downbeat Dance Band, and Zumba.

A big thank you to the 100+ City staff and volunteers who demonstrated tremendous effort and energy for a successful event! Thank you to our community partners who brought valuable resources, information, and activities to our community: Automobile Club of Southern California, dA Center for the Arts, Day One, East Side Riders Bike Club, Fairplex, Lopez Farms, LA County Public Works, Pawn Shop (skate), Pomona Pride Center, Pomona Valley Hospital Medical Center, San Dimas Nature Center, Skate Park Project, and Tree People.

Community Services is committed to offering free, fun, and family-friendly events for all ages and abilities, that build community, increase community pride, encourage play, and improve physical, social, and mental wellbeing.

### **MEMORABLE OVERNIGHT CAMP EXPERIENCES FOR FAMILIES**

In May 2022, Community Services offered 25 Pomona families (104 campers) the opportunity to experience a FREE weekend camp experience. This year, Community Services is thrilled to offer Pomona families a chance to participate in a fun and memorable camp experience during the weekend of May 19-21, 2023 at Camp Oakes in Big Bear. Up to one hundred fifty campers will have the opportunity to participate in a variety of camp activities such as canoeing, zip lining, fishing, hiking, and archery. We look forward to providing memorable and educational experiences to Pomona's youth and their families for years to come! [Registration is now open](#). Space is limited; call 909-620-2321 for more information.

## **INFORMATION TECHNOLOGY**

### **BROADBAND INTERNET STUDY**

On March 27<sup>th</sup>, the California Public Utilities Commission (CPUC) notified the City of Pomona that we were awarded \$315,000 for its Local Agency Technical Assistance (LATA) Grant. The CPUC LATA grant was then formally accepted during the City Council Meeting on April 17<sup>th</sup>. The LATA funds can be used for pre-construction work relating to broadband internet access in the City of Pomona. This includes costs assessment study on broadband accessibility, availability, and affordability challenges in the city, as well as feasibility study on how those challenges can be overcome or lessened. Check back for updates in the upcoming months.

### **I CAN SEE CLEARLY NOW**

We can all see clearly now that the rain is gone, but very soon, you can also clearly watch City Council meetings from the comfort of your home in High Definition! The City of Pomona's broadcasting partner, Spectrum, finished installing a new fiber line and encoder in the Council Chamber. We are now in the midst of a burn-in test to ensure signal quality is optimal and that the proper digital format is being transmitted. Remain "tuned-in" for more updates as we prepare to go HD!

# Palomares Park Project Refresh Group

Cheyne, Crisselle, and Cynthia have come together as a trio and strive to bring the community of Pomona together through the refreshment of three buildings and surrounding structures located at Palomares Park. Their goal is to create vibrant illustrations of flora, fauna, and community on these walls to reflect what makes the community strong and special. These fun and narrative visuals will invite the community to come together and explore these art pieces and walk through the story together. Folks will be able to not only see playful illustrations of nature coming together as a sense of community but will also see representation painted on these walls and be reassured with the sense of belonging and welcoming.

The Pomona Police Department held a Shred-a-thon and Drug Take Back event on Saturday April 22<sup>nd</sup>. The purpose of this event is to invite the community to safely dispose of medications and sensitive documents at a location they can trust. # **WATER RESOURCES**

## **DRINKING WATER WEEK, MAY 7-13**

We are joining the American Water Works Association to recognize Drinking Water Week during the first week in May, from May 7-13. We drink water without considering where it comes from and whether it is safe. Unfortunately, polluted drinking water can be responsible for many illnesses, which is why awareness is so important.

Water Week helps us think about the significant role that safe drinking water plays in keeping us healthy. It also makes us realize the importance of being aware of whether our water is safe or not. This year, Drinking Water Week encourages residents to recognize and honor the critical work that water professionals accomplish around the clock to deliver quality tap water while bolstering resilience for water in the future.

## **WATER DISTRIBUTION SYSTEM – WATER SAMPLING STATIONS**

The Water Resources Department has water-sampling stations throughout the City's water distribution system. The purpose of these stations is to facilitate the collection of routine water quality samples. Every week, the water quality team collects individual water samples from 35 designated sample stations. Before collecting samples, staff conduct an onsite field analysis for pH, temperature, and chlorine residuals.

Samples collected are sent to an independent laboratory where they are analyzed for coliform. This data is ultimately reported in our Consumer Confidence Report, which is available on the City's website.

Please remember to help keep our water safe by:

- Eliminating excess use of fertilizers;

- Properly disposing of pet waste;
- Properly disposing of chemicals such as used motor oil; and
- Never flushing medications down the toilet.
