ESRI UC - PUBLIC WORKS GIS PROJECT SELECTED

The Esri User Conference (Esri UC) is the world's largest event dedicated to geographic information system (GIS) technology. It is held annually in July for one week at the San Diego Convention Center. The City of Pomona along with our GIS partners at Draw Tap GIS participated in this conference themed "What kind of world do you want to see?"

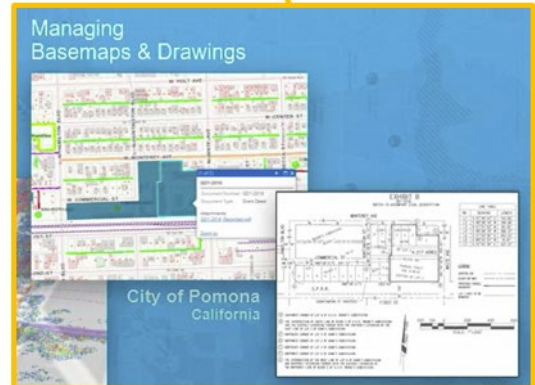

During the Plenary Session, Jack Dangermond (President of Esri) highlighted user-submitted project photos to the 18,000 in-person and 20,000+ virtual attendees. This year, a project photo submitted by the City of Pomona Public Works Department was selected for the top and center highlight under "Engineering and Public Works Management." The project is titled "Plans and Drawings Solution" and is used to index the geographic extent of record plans and drawings and to provide access to a catalog of source documents to staff.

Congratulations to the Public Works and Draw Tap GIS staff!

MEET THE POMONA POLICE DEPARTMENT EMPLOYEES OF THE SECOND QUARTER OF 2023

Officer Tim Ugarte

Officer Tim Ugarte responded to a call regarding a Strong Arm Robbery. During the investigation the victim in this situation recognized Officer Ugarte from a call for service he handled approximately fifteen years ago. During that specific call those many years ago, Officer Ugarte counseled the victim and informed her of the possible negative effects the wrong life choices could bring her in the future. This encounter was so impactful that from that moment on she altered her thought process and behavior. Her decisions from that day forward led her to now enjoy a happy and productive life. We would like to commend Officer Tim Ugarte for having a positive impact on this community member and we would like to commend him for representing the Pomona Police Department well! Congratulations Officer Ugarte!

Nohemi cares deeply about the police department and helping to maintain a caring and professional relationship with our community. She is quick to volunteer her ideas and time to benefit the department. Community Services Officer Nohemi Gonzalez is an incredible asset to this department and we would like to recognize her for her consistent hard work. Congratulations!

PUBLIC WORKS

STREET PRESERVATION PROJECT UPDATE – MAIN STREET PROJECT NO. 428-68582

Hardy & Harper, Inc. (Contractor) will begin planned street preservation improvements on Main St., north of the railroad tracks, between First St. and Monterey Ave. Work will take place from 7:00 a.m. to 4:00 p.m. beginning on Monday, July 24th with completion anticipated by Wednesday, July 26th, as weather permits. During this time, traffic detours can be expected which may impact bus services. The contractor will coordinate access to the neighboring Foothill Transit Center on Main St. and allow limited bus operation during construction as follows: bus pick up/drop offs will use Parcels St. and Commercial St. instead of the transit center. “No Parking” signs will be posted in affected areas. Rail service will remain. Please exercise caution during this time.

HOLT CORRIDOR PROJECT CONSTRUCTION

The Holt Corridor Project has begun! The Project will create new raised landscaped medians on Holt Avenue from Garey Avenue to San Antonio Avenue (or to Towne Avenue, if funds allow), and improve and beautify parkways along Holt Avenue from Garey Avenue to Mills Avenue. Limited work of a similar nature is also included along Garey Avenue from Holt Avenue to Mission Boulevard. Also included with this Project will be improvements at Garfield Park to include a new perimeter walking path, new lighting, and new exercise equipment. Construction is scheduled to be completed in Spring 2024.

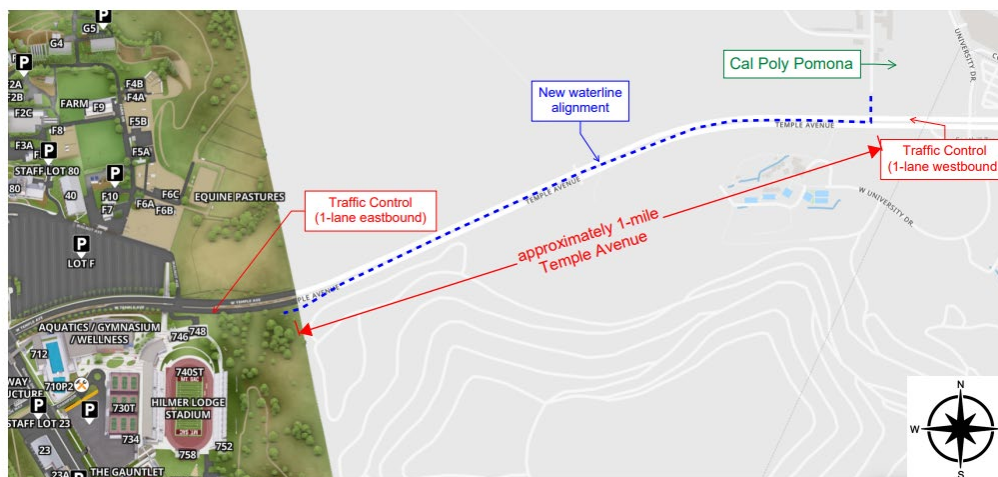

The City received a \$4.9 million Clean CA grant to help fund this nearly \$8 million Project, and this grant requires the accelerated schedule noted above. The City's Contractor for this Project is Vido Smarzich, Inc.

EMERGENCY WATERLINE REPLACEMENT

The Mt. SAC Facilities Planning and Management Department is conducting an emergency project to replace an existing 12" main waterline that runs under Temple Avenue. The waterline is approximately 1 mile long between Cal Poly Pomona and Mt. SAC (please see attached map below). Construction began on July 13, 2023, and is expected to be completed by August 28, 2023. Traffic control measures have already been placed on Temple Avenue to reduce vehicular traffic to one lane in the westbound direction at Cal Poly Pomona, as well as, eastbound at Mt. SAC. Expect heavy delays and proceed with caution when approaching construction zones. Please allow extra time to get to your destination and use alternate routes, if possible.
